SCHEMATICS COLLECTION

Overview of the Collection

Number: MSS 2006.15
Title: Schematics Collection
Creator: Archivist
Dates: 1874-1989
Media: Schematics, blueprints, drawings, plans
Quantity: 8 drawers
Location: C1-A12; C8-A14 thru C1-A20

Scope of the Collection

This collection contains schematics, blueprints, drawings, and plans of buildings, technical systems, munitions and equipment.

Organization of the Collection

The collection is divided into three categories: oversized, installations, and miscellaneous. Oversized items are listed first, followed by items related to specific installations, alphabetically by location. Miscellaneous other items follow, listed alphabetically (where possible) according to item title. Other materials will be added to the collection as they are acquired.
