

# JOINT MUNITIONS & LETHALITY LIFE CYCLE MANAGEMENT COMMAND AMMUNITION TRIAD

## JOINT MUNITIONS COMMAND

JMC's mission is to provide Joint Forces with ready, reliable, lethal munitions at the right place and time to sustain global operations. JMC serves as the Field Operating Activity for the Single Manager for Conventional Ammunition. As such, JMC is responsible for ammunition storage and surveillance; distribution; demilitarization; and production for the Department of Defense. JMC manages a nationwide network of facilities (ammunition plants & storage depots), as well as TACON of the Chemical Materials Activity (CMA). JMC Headquarters is located on the Rock Island Arsenal, in Rock Island, Illinois.

## PROGRAM EXECUTIVE OFFICE AMMUNITION

The Program Executive Office for Ammunition (PEO Ammo) is focused on being a world class organization that delivers the most capable and affordable ammunition, weapons and counter IED products to the Joint Warfighter as efficiently as possible. PEO Ammo is designated as the SMCA Executor, responsible for the acquisition of conventional ammunition for all military Services. PEO Ammo is located at Picatinny Arsenal, New Jersey, and is comprised of four Project Management (PM) and two Project Director (PD) offices.

## ARMAMENT RESEARCH, DEVELOPMENT & ENGINEERING CENTER

ARDEC leads research, development, and engineering of systems solutions to arm those who defend the Nation against all current and future threats, both at home and abroad. An organizational element of AMC's Research, Development and Engineering Command (RDECOM), ARDEC technology enhancements improve already-fielded items, transition technology to the PEO to develop new items, maintains a strong armament technology base in government, industry, and academia and provide technical support to the Warfighter in the field. The center serves as the entry point for LCMC interaction with RDECOM and its other research, development, and engineering centers. ARDEC is located at Picatinny Arsenal, New Jersey.

# REFERENCE GUIDE

AMMO STRONG!!

STORE/SURVEIL

DISTRIBUTE

DEMILITARIZE

PRODUCE

### CRANE ARMY AMMUNITION ACTIVITY

- Ammo Supply Depot Ops
- Demilitarization
- 5"/54 & 76mm
- Illumination, Pyrotechnics, Flares
- Melt/pour, cast/load, & press/load explosive fill
- Government-Owned, Government-Operated (GOGO) Facility**

### BLUE GRASS ARMY DEPOT

- Ammo Supply Depot Ops
- Demilitarization
- Chemical Defense Equipment
- Joint SOF support
- Government-Owned, Government-Operated (GOGO) Facility**

### PINE BLUFF ARSENAL

- Archive Ammo Supply Depot Ops
- Center for Industrial Technical Excellence (CITE) for Chemical & Biological Defense Equipment
- Produce smoke/obscurants & phosphorus
- Government-Owned, Government-Operated (GOGO) Facility**

### MCALESTER ARMY AMMUNITION PLANT

- Ammo Supply Depot Ops
- Demilitarization
- Produce Navy & Air Force bombs
- Produce intelligent munitions
- Government-Owned, Government-Operated (GOGO) Facility**

### TOOELE ARMY DEPOT

- Ammo Supply Depot Ops
- Demilitarization
- Center for Industrial Technical Excellence (CITE) for Ammunition Peculiar Equipment
- Government-Owned, Government-Operated (GOGO) Facility**

### LETTERKENNY MUNITIONS CENTER

- Ammo Supply Depot Ops
- Demilitarization
- Center for Industrial Technical Excellence (CITE) for missile maintenance
- Tacticle Missiles
- Government-Owned, Government-Operated (GOGO) Facility**

### ANNISTON MUNITIONS CENTER

- Archive Ammo Supply Depot Ops
- Demilitarization
- Missile supply depot
- Government-Owned, Government-Operated (GOGO) Facility**

### HOLSTON ARMY AMMUNITION PLANT

- Produce and develop explosives and specialty chemicals
- Synthesis & manufacture of high explosives
- Full-spectrum explosives research and development capability
- Government-Owned, Contractor-Operated (GOCO) Facility**

### LAKE CITY ARMY AMMUNITION PLANT

- Small Caliber Production
- Perform reliability testing of small-caliber ammunition
- Government-Owned, Contractor-Operated (GOCO) Facility**

### HAWTHORNE ARMY DEPOT

- Archive Ammo Supply Depot Ops
- Demilitarization
- Government-Owned, Contractor-Operated (GOCO) Facility**

### IOWA ARMY AMMUNITION PLANT

- Medium- and large-caliber Load, Assemble, and Pack (LAP) Facility
- Missile assembly/missile warheads
- C4 Extrusion
- Government-Owned, Contractor-Operated (GOCO) Facility**

### SCRANTON ARMY AMMUNITION PLANT

- Produce projectile metal parts
- Government-Owned, Contractor-Operated (GOCO) Facility**

### RADFORD ARMY AMMUNITION PLANT

- Manufacture propellant and ingredients
- Government-Owned, Contractor-Operated (GOCO) Facility**

### QUAD-CITY CARTRIDGE CASE FACILITY

- Produce deep-drawn cartridge cases
- Government-Owned Facility (Currently in Layaway Status)**

### CHEMICAL MATERIALS ACTIVITY

The world leader in programs to store, treat & dispose of chemical weapons safely and effectively. CMA has the storage mission at the Nation's final two chemical weapon stockpile sites, and is TACON to Joint Munitions Command.

### MILAN ARMY AMMUNITION PLANT

- Load, Assemble, and Pack (LAP) facility
- Government-Owned, Contractor-Operated (GOCO) Facility**

### BLUE GRASS CHEMICAL ACTIVITY

### PUEBLO CHEMICAL DEPOT

#### MISSION:

To ensure the safe and secure storage of the chemical weapons stockpile until demilitarization is complete.
