Team Radford's commitment to OBG waste reduction

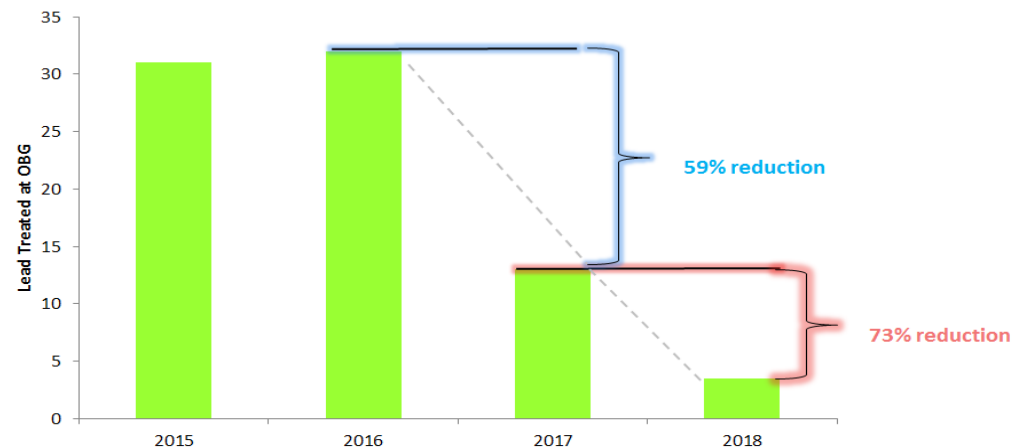

Commander's Challenge

- **Challenged to 50% Reduction of OBG waste by 2021**
 - Reduced OBG waste by **47%** in 2018
- **100% elimination of MK90 grains via OBG treatment of MK90 grains since May 2018**
 - Validated grains could be safely cut
 - Worked with VDEQ to obtain permit modification approval to saw grains
- **73% reduction of the amount of lead contained in thermally treated material at the OBG**

Energetic Waste Treated at the Open Burning Ground

Lead Treated at OBG

Questions
